

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
MONITORING REQUIREMENTS NOT MET FOR**

MOUNT HOPE WATER, WV3301024

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 1/1/2017 and 12/31/2019, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
52, FOLLOW-UP OR ROUTINE TAP M/R (LCR) LEAD & COPPER RULE Lead & Copper Sampling Without Plan	1/1/2017 to 12/31/2019

What happened? What is being done? (Describe corrective action)

Original sampling plan was no longer approved. New plan approved by state is now in effect using 20 sites. Samples picked up in 2019 were all within limits.

For more information, please contact W. GREIVET at 304-877-3012
